Matthew 12 Study Guide

Doubt is not a sin. In John the Baptist's case in chapter 11, his doubt led him to ask for more evidence.

RESEARCH. There are many websites dedicated to pointing people to the evidence for faith in Jesus and answering questions people have about the Bible and faith. These are apologetic websites. (*Apologetic* means to give a reasonable answer.) One of the best is *Always Be Ready Ministries* at http://alwaysberready.com There are videos and books to buy, but there are also a lot of great pages that answer questions. Go to the website and check out the menu on the left. Then chose one topic that interests you and read it. You might like "Answers to Questions," "Bible, Evidence for the Bible," or "Jesus, Evidence for Jesus." Or you might find some other topic interesting.

WRITE. Summarize the question and the answers here you find in the article you read or audio you listened to.
